

Singing BOOK 4 Sherlock

Night Riders

Verse 1

Caught within the glare of your headlights on dark nights,
Be calm and have a care as life speeds you away;
Stay and hear the sounds after midnight, with no light,
When all your other senses will come into play.

Verse 2

Through the dark you'll see only what we want you to see,
For night time is ours,
Like the moon and the stars,
That's the time we're alive and we're free!

Chorus

Open your eyes, try to see through the darkness,
There's a new world in the dead of the night,
With badgers and hedge-hogs and crickets and foxes,
With moths, bats and beetles and owls in full flight!

(Sing verses 1 & 2 together in 2 groups)
