

Old MacDonald's Recorder Book 1

electronic keyboard parts

Set the auto accompaniment to ON and use the single-figure chord method or the fingered chord method to play the left-hand chords. Press the "sync start" button (on most keyboards this sets the tempo indicator flashing) and count five beats (1-2-3-4-1) out loud to set the speed for the recorder players. The tune that is being played by the recorders is indicated by the small notes.
